To whom it may concern,

Subject: Security Services Provided By Mr Aaron Le Boutiller

This is to inform the potential employer of Mr Aaron Le Boutiller that he and his company, X-Secure Pte Ltd, provided Close Protection services for the Chairman of Northrop Grumman Corporation for a period in 2004 during a country visit to Singapore; and he accomplished the job in a superb manner.

In my 30+ years of service within the defense industry, I have not seen a more capable protection performance by an individual, whether provided from professional U.S. Government agencies or private agencies. Throughout the period of employment, from prebriefing and route clearance, to personal escort and daily threat updates, Mr Le Boutiller was thorough, meticulous, pleasant, and well-briefed, and always ready with contingencies.

The Chairman of Northrop Grumman Corporation was particularly impressed with the level of professionalism provided by Mr Le Boutiller's services, from landing in Singapore to takeoff several days later.

Mr Le Boutiller would be the first person I would call if I needed similar protection again.

Sincerely,

Scott Douglas
Regional Vice President,
Southeast Asia

Cc: Mr Le Boutiller
